Page 1/1

- » *de-greys outdoor wood without sanding*
- » *garden furniture, wooden decking, also hard and precious wood get back their natural appearance*

Product characteristics:

SAICOS Wood Brightener is a highly effective special product for cleaning and refreshing of greyed, worn down exterior wood surfaces. The original colour shade of the wood will appear again. Will not harm the healthy wood.

Article number:

8130 Colourless

Fields of application:

Garden furniture, wood decking and terraces, plant boxes, wooden grilles on balconies, wooden claddings etc. made of untreated wood.

Preparation:

Remove coarse dirt (broom or brush). Protect metal (f.i. fittings) with masking tape. Cover plants with foil. Protect clothes. Moisten surface.

Processing:

Apply generously with watering can, garden sprayer or [SAICOS Floor Brush](#), undiluted or diluted up to 1:5 parts with water. Leave to act for 15-30 min. Scrub treated surface with scrubbing brush and plenty of water. Rinse wood surface thoroughly with water. Procedure can be repeated in case any greyed spots are left.

Treatment of wooden decking:

Coat surface with [SAICOS Special Wood Oil](#) after complete drying. Apply one coat (if totally untreated surface two coats) with [SAICOS Floor Brush](#).

Best processing temperature:

between 8°C and 25 °C. Apply on frost free wood only.

Coverage per liter:

1 liter is sufficient for 5 - 25 m² (depending on dilution)

Number of treatment: 1x, if heavily greyed 2x

Drying time:

Dependant on water condition; dries as usual wet surface. If subsequent coating is desired, surface must be completely dry.

Cleaning of the tools:

Thoroughly with plenty of water.

Easy maintenance:

Procedure can be repeated at any time.

Storage:

At least 3 years in closed container.

The liquid product is not susceptible to frost.

Physical characteristics:

Density: 0,9 - 1,03 g/cm³

Odour: odourless

Flashpoint: not flammable

Security instructions – first aid:

Keep out of the reach of children. Do not fill into food, beverage or other containers used for foodstuffs. Causes severe skin burns and eye damage. Wear protective gloves and eye/face protection. Do not breathe vapour. Wash hands thoroughly after handling. IF SWALLOWED: rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse with water/shower. IF INHALED remove person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. Wash contaminated clothing before reuse. Keep locked up. Dispose of contents/container to industrial incineration plant.

Contains: oxalic acid.
