

SilenceCORK Natural 3mm ,is an eco-friendly underlay made from 100% natural cork bark. This product is commonly used beneath wood and laminate flooring to provide sound insulation, thermal insulation, and enhanced comfort. Cork is naturally moisture resistant, giving peace of mind in installations, where moisture can occur. At the end of its life it can be recycled, making it one of the most sustainable materials in the flooring market.

Characteristics	Data
Roll Dimensions	1m x 15m
Tensile Strength	>205
Compression	20-45
Recovery	>75
Thermal Conductivity	0,0037 W/MK
Boiling in water	None
dB reduction	18dB
